

Delivering our Vision for the Wheatbelt

The Cook Labor Government is delivering its vision for the Wheatbelt.

The 2025–26 Budget will see billions of dollars invested in our regions, driving economic growth, diversifying regional economies, and creating jobs for our future generations.

This funding investment is supporting the Cook Government's priorities in jobs, health and housing. It is a commitment to Western Australians – that no matter if they live in our suburbs, regional centres, towns, or remote communities – they will have local job opportunities, and access to major services and infrastructure.

The Budget will keep costs down for WA families with funding to roll out the second wave of the WA Student Assistance Payment putting hundreds of dollars into the pockets of families of school-aged children, and household fees and charges kept affordable, with below inflation increases for a sixth consecutive year.

More than \$4 billion in Royalties for Regions funding will also go towards projects which enhance regional communities, ensuring they remain exceptional places to live, work and raise a family.
